

Foraminiferal DNA barcoding project – questionnaire

- 1) ID Number:
- 2) Species name:
- 3) Collector's name:
- 4) Institution:
- 5) Sampling date (dd/mm/yyyy):
- 6) Sampling locality:
- 7) GPS data (longitude, latitude):
- 8) Depth:
- 9) Habitat: Mud bottom
Sand
Rocks
Reef rubble
Algae
Other
- 10) Number of submitted specimens for DNA extraction (min. 3):
- 11) Preservation: alive
dried
DNA extraction buffer
- 12) Number of Voucher specimens (min.3):

Optional information

- 13) Photos of sampled specimen: yes
no
- 14) References if available (publications including description and/or pictures of the sampled specimen):

Please return the filled in formular to: maria.holzmann@unige.ch

😊 **Many thanks for your contribution to the foram barcoding project!**
